”We don’t say it like this, like this, or like this. We do. We just do.”

Join dancers Anna and Oskar on a thrilling adventure where we meet Whirls and imaginative instruments. Together we create movements, music, and special happenings, some of which are interactive. Christian creates magical images with the light. But, tangled yarns are not so easy to unravel. We become a sculpture. We leave traces, in secret. We do. We just do.

We Just Do is a performance for children from 4 years old where children are invited to participate in parts of the dance. The performance is adaptable to different settings and can be enjoyed by a wide audience, from small to large.

With support from the City of Stockholm, Region Stockholm, the Swedish Arts Council and Sigtuna Municipality.
